

# The Ravensthorpe Access

Entering Booth Wood at the moment

The access is at the junction of footpaths from Leighton Ave and Ravensthorpe drive. At (port spot solid) it is intended to meet Footpath R5 and links the Obelisk to the Estate Road (R1) north of the Shortcliffe Brook.

Unfortunately, there is no access planned at (plod punctured cowboy) at the north west corner of Stapleford Park. Some residents of Pitsford Drive would like it too.

Leaving Booth Wood
